CAREER OBJECTIVE

Aspiring AI engineer with a strong academic record and practical experience in web development and Python. Pursuing a CSE degree with an AI major to design and deploy full-stack AI-powered systems and contribute to impactful real-world projects.

Currently building hands-on expertise in HTML, CSS, JavaScript, and Python besides completing advanced technical certifications. Proficient in using AI tools to solve problems efficiently with less time consuming. Seeking opportunities in proactivity, cooperative environment where I can apply and expand my technical skills, work on meaningful projects, and growing myself into a well-rounded engineer to increase my ability to use Web technology with intelligent AI-driven solutions.

EDUCATION

Higher Secondary Certificate (HSC) — Science Group 2024 | Jashore Board

Kushtia Govt. Central College, Kushtia

GPA: 5.00 / 5.00 | Relevant Subjects: Mathematics, Physics, Chemistry, Biology, ICT

Honors: Perfect GPA (5.00/5.00) — HSC 2024, Jashore Board | Top Science Group Graduate

Relevant Coursework & Highlights

- ▶ Mathematics & Physics — core foundation for Information Engineering, Algorithms
- ▶ ICT (Information & Communication Technology) — exposure to programming logic, basic circuit & logic gate theory
- ▶ Strong performance in Science group subjects directly aligns with Natural Sciences – basic mathematical term and theory
- ▶ Web Development (In Progress) — Currently mastering front-end architecture and focus on building responsive and interactive websites using HTML, CSS, and JavaScript.
- ▶ Python & AI Fundamentals (Exploring) — Actively learning Python syntax and logic to solve real-life problems and prepare for advanced studies in Machine Learning.

Secondary School Certificate (SSC) — Science Group 2022 | Jashore Board

Kushtia Zilla School, Kushtia | GPA: 5.00 / 5.00

Honors: Perfect GPA (5.00/5.00) — SSC 2022, Jashore Board | Consistent Academic Excellence

TECHNICAL SKILLS

Web Development	HTML5, CSS3, JavaScript — certified by Johns Hopkins University (via Coursera) — built multiple live projects including portfolio and client landing pages
Python	Mastered intermediate OOP and algorithms; currently specializing in AI integration and advanced system design.
AI & Prompt Eng.	AI prompt design, local LLM usage (Ollama), generative AI workflows, AI-assisted development (learning)
Machine Learning	Fundamentals of ML and Deep Learning (active coursework — AI Engineering Bootcamp 2026)
Tools & Platforms	Git, GitHub, VS Code, Vercel, Netlify, MS Office, G-Suite, Anaconda, Jupyter, Ollama

PROJECTS & TECHNICAL WORK

Exam Tracker Web App | HTML, CSS, JavaScript

Designed and built a browser-based application to track exam schedules, subjects, and deadlines. Implemented dynamic DOM manipulation for real-time updates without page refresh, applying core JavaScript event-handling patterns.

Personal Portfolio Website | HTML, CSS, JavaScript

Developed a fully responsive portfolio website to showcase skills and projects. Applied CSS flexbox/grid layout principles and mobile-first design. Deployed live on Vercel.

Client Landing Page | HTML, CSS, JavaScript

Built a professional single-page landing site for a client's business. Focused on clean UI design, call-to-action structure, and cross-browser compatibility.

YouTube Downloader CLI Tool (Completed MVP) | Python

Implemented a command-line tool using Python scripting and the yt-dlp library to automate video downloads with format selection. Reinforced understanding of Python modules, argument parsing, and file I/O.

Portfolio & Source Code: <https://muktadir071.github.io/portfolio/>

CERTIFICATIONS & TRAINING

- ▶ HTML, CSS & JavaScript for Web Developers — Johns Hopkins University via Coursera | Certificate Obtained | April 28, 2026 | Credential ID: VLYMFAIJVGWH
- ▶ AI Engineer Bootcamp (Python, Machine Learning, LLMs, Web Dev) — Udemy | In Progress, 2026
- ▶ C Programming Foundations — Technical coursework (ICT main book) | 2024
- ▶ Basic Computer Training — 2019

LANGUAGE PROFICIENCY

Language	Level	Notes
Bengali	Native	Mother tongue
English	Professional Working Proficiency	Medium of instruction throughout Science education; all technical coursework conducted in English
Japanese	Beginner (Self-studying)	Currently learning Hiragana and Katakana; committed to full proficiency during MEXT preparatory year

LEADERSHIP & EXTRACURRICULAR

- ▶ Strategic Business Advisor (Family Enterprise) — Advise on business growth and technical updates to help a family enterprise modernize operations and increase profit.
- ▶ Travel Group Organizer — Led a travel group responsible for end-to-end budget planning, complex scheduling, team coordination, ensuring safety and logistics management across multiple trips.
